

# NUSTRI

MADE IN ITALY

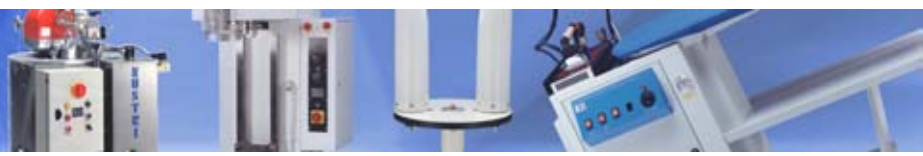

## Ironing machines for knitwear factories, laundries and clothes factories

### MOD. 31/C

Steaming air former **without boiler** ideal for the ironing of the clothing industry and leather clothes. It is prearranged for the connection to front and back pliers and sleeve stretching clamps. Prearranged for the connection to an outside source of central steam.

## Ironing machines for knitwear factories, laundries and clothes factories

TECHINCALS CHARACTERISTICS	MOD.	31/C
AIR SUPERHEATER	Kwatt.	1,5
STEAM PRODUCTION	Kg/h	10 - 14
MAXIMUM STEAM PRESSURE	bar	6
STEAM INLET	Ø	3/8"
COMPLETE VACUUM HP 1	Kwatt.	0.75
STEAM BALL VALVE	Ø	3/8"
ABSORPTION	Kwatt.	2
ELECTRIC SUPPLY	Volts.	380+N+T *
TENSION	Hz.	50 *
NET WEIGHT	Kg.	115
DIMENSIONIS H x L x D	Cm.	180 x 63 x 130
* Different technicals characteristics are available on demand		

### Complete of

- ◆ Steaming timer
- ◆ Air timer
- ◆ Battery for air overheating
- ◆ Battery for steam overheating
- ◆ Front pliers
- ◆ Stretching clamps

### Encombrance
